

Eduardo Omine

Front-end developer

eduardo.omine@gmail.com

<http://work.omine.net/>

55 11 98618-9222

Senior front-end developer with *15 years of professional experience*.

Experienced in many types of projects, from small websites to large apps.

Experienced in front-end tools, libraries and frameworks such as **TypeScript, React, Redux, Next.js, Angular, RxJS**, among others.

Also experienced in *back-end* (**PHP, MySQL, CodeIgniter**), *mobile* (**React Native, Android Kotlin**), and other technologies (Unity, Processing, OpenFrameworks).

Puts great *care* in code, striving for a *clear, readable, and maintainable codebase*.

Strong background in *design and typography*.

Experience working in teams: agile practices, async communication, unit testing, pull requests, code reviews, CI/CD.
